- POC is Mr. Lonnie Scott, Installation Safety Office (ISO), at 461-0067 or lonnie.b.scott4.civ@mail.mil.

BBQ Grill Safety

Before Cooking

- Instruct children on the dangers of a lit grill, keep pets away.
- Choose a well vented location; placed on a flat, stable platform; avoid loose clothing; never leave grill unattended.

Propane (LP) Gas Grills

- Read owners manual and operating instructions carefully.
- Use the exact type of tank and fuel specified.
- Check hoses and valve connections often. Do this by pouring soapy water on the connection points, if bubbles appear, retighten and test again.
- Transfer and store LP cylinders in an upright position and never where temperatures can reach 125 degrees.

BBQ Grill Safety

Before Cooking

- Instruct children on the dangers of a lit grill, keep pets away.
- Choose a well vented location; placed on a flat, stable platform; avoid loose clothing; never leave grill unattended.

Cooking with Charcoal Grills

- Read owners manual and operating instructions carefully.
- Never start a fire with gasoline.
- Use caution if starting coals with an electric fire starter or open flame.
- Never add additional fluid to coals once lit.
- Once finished, ensure coals are completely extinguished prior to leaving unattended or storage.

Water Safety

- Every day in the U.S., an average of 10 people die from unintentional drowning – and one in five of them are children 14 or younger, according to statistics from the Centers for Disease Control and Prevention.

- Never swim alone, even if you are an experienced swimmer.
- Put your phone away and constantly monitor/observe children, weak and non swimmers.
- Swim only in authorized/supervised areas, never swim when exhausted, overheated, or immediately after eating.
- Before diving, make sure the water is clear of obstructions and deep enough.
- Do not depend on a tube or inflated toy for buoyancy.
- Whenever a storm approaches, get out of the water.
- Never drink and swim.

Boating Safety

- Most boating mishaps involve capsizing, falls overboard and collisions. About 78% of fatal boating accidents drowned, in 84% of these cases, personal floatation (PFD's) were NOT used.
- Read the owners manual and familiarize yourself with the boat before using.
- Make sure that there is one PFD for each individual on board.
- As the primary operator, set the example by wearing your PFD.
- Carry a Type ABC fire extinguisher, flares, a horn or whistle, a strong flashlight, first aid kit, and a bailing bucket or pump.
- Tell someone where you are going and when you expect to return.
- Always check the weather and water conditions before leaving shore. Take a radio and listen for updated weather reports.
- "Jet Skis" or "personal watercraft" are classified as Class A inboard boats, they are subject to the same rules and regulations as any other power boat.
- Never drink and boat.

Heat Exposure/Hydration

- For each bottle of Gatorade, drink two equal sized bottles of water.
- Drink water even though you may not be thirsty.
- Avoid heavy meals at lunchtime, maintain a well balanced diet.
- Wear appropriate clothing.
- Use sunscreen often and reapply as needed.
- Follow recommended work/rest cycles, call 798-HEAT for weather status.
- Schedule outdoor activities during the cooler part(s) of the day.
- Use the buddy system, tell someone when they are showing signs of sunburn or signs of a heat related injury.
